Continuing the terrors in a

Galaxy of Fear

Tash and Zak Arranda lost everything, including their parents, when the Galactic Empire destroyed their home planet of Alderaan. With nowhere to go, their Uncle Hoole, a mysterious shape-shifting Shi'ido who studies different species on many planets, takes them in to live on his starship, the *Lightrunner*, and to learn from their new caretaker droid, DV-9.

After destroying *Project Starscream*, Tash and Zak are now wanted fugitives, traveling from planet to planet evading Imperial authorities. Life is now a continual series of dangerous missions and harrowing adventures. Will things ever go back to normal?

This volume, for the first time ever, collects books seven through twelve.
